|-------------------------------------|---|---|
| <b>Compulsory</b> REVISION comments |   |   |
| <b>Minor</b> REVISION comments      | The only remark, before the publication, is that the authors to read the work once again, because there are some words in the middle of the phrases written with Sentence case Example: row 33 Thus, row 50 -A, row 60-The, row 135-So, row 160 -Economistreferred. The words have to be split. Row 86 <b>Hailed</b> perfaps is better to replaced with <b>comes from</b> |   |
| <b>Optional/General</b> comments    | It is a pleasure to read the first part, because of the intelligence and emotion that these animals ones prove. The second part is cruel but true, and I am glad that at least by writing a large number of people can be sensed.   |   |

**PART 2:**

|  | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
