

SDI Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_49865
Title of the Manuscript:	Antimicrobial proteins: key components of innate immunity
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none"> Review comments are highlighted in the manuscript. Suggestions to alternative expressions or ambiguous statements are marked in red text. 	
<u>Minor</u> REVISION comments	<ul style="list-style-type: none"> Sub-sectional numbers are missing Reference formatting should be adjusted to the provisions of the journal's instructions to authors Manuscripts should be properly paraphrased to reduce similarities with pre-existing reviews on the subject. A number of the proteins were rather discussed from/in other organisms than plant (which is the host-subject of the review). Some scientific names were not properly written Author should recast some highlights indicated in the review 	
<u>Optional/General</u> comments
