**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The manuscript entitled, "Antimicrobial proteins: key components of innate immunity. Importantly the authors have done excellent efforts for review article. The literature review is OK. I approve of it for publication after minor revision as below.</p> <p>1. The full plant authority should be mentioned when discussing about the plant material. In this regard, in each case that you aim to discuss about your plant, it should be reported for example as: <i>Borago officinalis</i> L. (not <i>Borago officinalis</i>).</p> <p>2. Follow reference pattern according to journal</p>	
<b>Minor</b> REVISION comments	<p>The manuscript entitled, "Antimicrobial proteins: key components of innate immunity. Importantly the authors have done excellent efforts for review article. The literature review is OK. I approve of it for publication after minor revision as below.</p> <p>1. The full plant authority should be mentioned when discussing about the plant material. In this regard, in each case that you aim to discuss about your plant, it should be reported for example as: <i>Borago officinalis</i> L. (not <i>Borago officinalis</i>).</p> <p>2. Follow reference pattern according to journal</p>	
<b>Optional/General</b> comments	<p>1. The full plant authority should be mentioned when discussing about the plant material. In this regard, in each case that you aim to discuss about your plant, it should be reported for example as: <i>Borago officinalis</i> L. (not <i>Borago officinalis</i>).</p> <p>2. Follow reference pattern according to journal</p>	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
