

**SDI Review Form 1.6**

Journal Name:	<a href="#">International Blood Research &amp; Reviews</a>
Manuscript Number:	Ms_IBRR_50389
Title of the Manuscript:	Can histochemical c-mpl positivity in bone marrow be a predictor for splenectomy in immune thrombocytopenia?
Type of the Article	Short Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	This is a paper about the association of the expression of c-mpl as a predictor for splenectomy in immune mediated thrombocytopenia. Nevertheless, the number of cases is too small to make such association in the chi-square statistics. It is also unclear if patients in group 1 were responsive to splenectomy.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details) Yes, but approval of ethical committee should be obtained.
