PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>This is a good article but the writing style is very poor. Especially to manage the subsections. I am really confused whether the author wish to present it as a review or research article.</p> <p>The Intro and materials method section need to be shortened to only 2.5. pages. Same be applied to the discussion section.</p> <p>Otherwise, the scientific content of the article is publishable.</p>	
Minor REVISION comments		
Optional/General comments	The article is acceptable
