

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

Journal Name:	<a href="#">Journal of Applied Life Sciences International</a>
Manuscript Number:	Ms_JALSI_41470
Title of the Manuscript:	Effect of Locally Formulated Watermelon and Moringa Syrup Booster on the Growth Performance of <i>Heterobranchus bidorsalis</i> Fingerlings
Type of Article:	Original Research Article

**PART 2:**

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The Authors have accomplished some of the modification requests. However, I have to say that some others have not been considered and the authors did not provide any comment or discussion on these points. Moreover, in my opinion, these points concerned the most relevant issues to be modified (most of the modifications made by Authors concerned minor points or even typos). The manuscript language has improved with respect to the previous version but, in my opinion, it still needs substantial improvement. In general, the Authors do not appear very willing to modify the manuscript according to criticisms. Therefore, I am no longer available to consider further revisions of this manuscript.</p>
