

**SDI Review Form 1.6**

Journal Name:	<a href="#">Journal of Applied Life Sciences International</a>
Manuscript Number:	Ms_JALSI_41470
Title of the Manuscript:	Effect of Locally Formulated Watermelon and Moringa Syrup Booster on the Growth Performance of Heterobranchus bidorsalis Fingerlings
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The background does not explain the growth booster</p> <p>What active ingredients are present in both plants is therefore categorized as phytogetic. Mention the results of the analysis about it</p> <p>List about the nutritional value of the two plants so it is feasible to be used as an additional food for fish</p> <p>In the background please mention the potential use of the plant based on previous research</p> <p>Moringa leaves are prepared in a dry state, while Watermelon is in liquid form. How to compare the effectiveness of materials in different water content conditions?</p> <p>There is no statistical design and data analysis methods in this paper</p>	
<b>Minor</b> REVISION comments	Provide information about the materials used in the study in more detail	
<b>Optional/General</b> comments	Need major revision
