

SDI Review Form 1.6

Journal Name:	Journal of Advances in Microbiology
Manuscript Number:	Ms_JAMB_49905
Title of the Manuscript:	Comparative study on physicochemical parameters study of oil polluted sites and hydrocarbon degradation potentials of heterotrophic bacteria in southern Nigeria
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The authors should provide information about the control soil (the environment around the collection site) in the Materials and Methods section. The authors should also provide more detailed information (such as maps and photographs of sampling points) on other soil sampling points (500 m and 1000 m points).	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	Author's manuscript contains basic and important data for performing bioenvironmental remediation (such as biostimulation and bioaugmentation) of polluted soils. I judge that if the manuscript is corrected, it may be accepted in the <i>Journal of Advances in Microbiology</i> .	

PART 2:

SDI Review Form 1.6

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
