PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The manuscript entitled as "Knowledge, Uptake and Barriers to Pap Smear Test among Female Workers in the Rivers State University Teaching Hospital, Nigeria" is very nicely written, very informative. The manuscript needs little polishing and minor revision before this is accepted for publication. Please find comments below:</p> <ol style="list-style-type: none"> 1. In the table after "Frequency" put (N) in Table 1. It will be easier to understand. 2. The figures don't look professional. Please replace them with more clear and bright ones. 3. Is there any consent taken from people or patients volunteered for research. This can be mentioned in the methods section. 4. The manuscript needs little polishing in grammar and typing errors. 	
Minor REVISION comments		
Optional/General comments
