

SDI Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_49874
Title of the Manuscript:	Germination and Emergence of Digitaria insularis Susceptible and Resistant to Glyphosate
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p>	<ol style="list-style-type: none"> Title – please add the species author's name next to the species <i>Digitaria insularis</i> (L.) Fedde (it is enough to be given in the title, abstract and introduction at first mentioned, afterwards could be given as <i>D. insularis</i>) Abstract – Study design: please write the species name in <i>italic</i>!; Results: please finish the sentence "biotype" by placing the point " !"; Key words – suggestion: the written keywords are not very representative, therefore I suggest key words that relate specifically to the research, so it can stand this way: "Keywords: <i>Digitaria insularis</i>, weed biotypes, germination, glyphosate, susceptible, resistance". Introduction – Paragraph 1: replace "<i>Digitaria</i>" with "<i>Digitaria</i> sp."; Paragraph 2: delete the word "and"; Paragraph 3: replace "<i>Conyza</i> ssp." With "<i>Conyza</i> sp."; Paragraph 4: delete the comma "<i>D. insularis</i>"; . Materials and Methods – please put the "/ experimental details / methodology" as sub-headings in the chapter "Material and Methods"; Paragraph 3: replace "and" with "in"; replace "in" with "an"; Paragraph 4: replace "(Day/Night)" with "(day/night)"; replace "as [13]" with "as Mondo et al.[13]"; Paragraph 5: replace "by [14,15]" with "by Rules for Seed Testing and Nakagawa et al. [14,15]"; replace "by [16]" with "by Maguire [16]"; Paragraph 6: replace "test "F"" with the full name of the test. Results and Discussion – Paragraph 1: replace "By analyzing Table 1" with "By analyzing the obtained results (Table 1)"; Paragraph 3: replace "by [15]" with "by Nakagawa et al. [15]"; Paragraph 4: replace "Already [17]" with "Already Martins [17]"; replace "However, [18]," with "However, Mendonca et al.[18]"; delete the comma " !"; in Table 2, column 4: replace "Percentage seed" with "Emergence percentage seed" (the used terms should be the same); Paragraph 8: replace "light. Since" with "light, since"; delete one space "[18]. In", there are left two; replace "addition, [19]," with "addition, Reinert [19]"; Paragraph 9: reformulate the whole sentence "Highlighting the resistant biotype, with higher loss in viability, when covered." and give it the sense what you want to say; Paragraph 10: in the Chapter "Material and methods" are mentioned terms "total number of germinated seeds and "total number of emerged plants", thereby please use the same terms and write them correctly! What is the true terms???. replace "biotypes <i>D. insularis</i>" with "biotypes of <i>D. insularis</i>"; Figure 1: format the font size, it is different and in Title please replace "Figure 1. Total number of germinated seeds (A) and total number of emerged plants (B) <i>D. insularis</i> biotypes resistant and susceptible to glyphosate" with "Figure 1. Total number of germinated seeds (A) and total number of emerged plants (B) at <i>D. insularis</i> biotypes, resistant and susceptible to glyphosate"; Paragraph 11: replace "differences between susceptible and resistant biotypes, not only occurs" with "differences between susceptible and resistant biotypes, not only occur"; replace "by [20]" with "by Melo et al. [20]"; replace "vigorous. Whereas [11]" with "vigorous, whereas Licorini et al. [11]"; Paragraph 13: replace "biotypes <i>D. insularis</i>" with "biotypes of <i>D. insularis</i>". References – please write the name of the other authors given as "et al." In the listed references under the numbers 18 (Mendonca GS et al.) and 20 (melo MSC et al.). 	
<p>Minor REVISION comments</p>	<p>Everywhere in the text please leave the space between the numbers when the literature is</p>	

SDI Review Form 1.6

	<p>cited (for ex.: replace "[2,3]" with "[2, 3]"</p> <p>Please, delete the given instructions left to the manuscript chapters (for ex.: in Introduction: "(Arial, Bold, 11 font, left aligned, caps)").</p>	
Optional/General comments	/	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
