General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty'**, provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)

PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments	Minor remarks (1). Please review your citations in the text. They should be indicated by normal reference number, and not superscript. They should preferably be enclosed in [ ], as stated in the authors' guidelines at www.sciencedomain.org/journal/23/ authors-instruction. Refer for further clarifications. (2).Most of the abbreviations in this article were not explained. That would make them difficult for readers to place. (Eg: SERT, NAT, ARMD, TAC, 5HT, NET,AACG etc). Please review and give the full meaning of all the abbreviations at first time of their appearance. The abbreviation should be in parentheses () at first appearance. (3). Label the table 1 accordingly.	
Optional/General comments Please see manuscript Red highlights signifies: delete /make corrections Green highlights signifies: add /guide to correction	Comment: Well written article.
