PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper needs a literature review section to highlight if there has been any research similar, as well as to justify the selection of the relevance of the topic. Furthermore, several references are not cited in the text. This should be fully revised, and a literature review and discussion section should be included.	
Minor REVISION comments		
Optional/General comments	Overall, the paper is well structured and properly explained, giving detailed information about the methodology employed (which is properly used), as well as the results obtained. However, it falls short when addressing the theoretical background of the issue
