**SDI Review Form 1.6**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<ol style="list-style-type: none"> <li>1) The author/s need not leave a sentence incomplete (Example, a sentence from line 1-2 is incomplete. The pivotal roles of manufacturing sector in economic growth and sustainable development in developed and developing countries <b>have been acknowledged by scholars, professionals and economists</b>)</li> <li>2) Citation and reference writing should be as per the guideline of Sciencedomain international.</li> <li>3) As the author/s has/have used both descriptive and econometric methods, the regression model specified for the study should be written under the method of data analysis. Hence, it need to be written in page ....to elucidate the regression analysis employed to test hypothesis of the study, which is already mentioned in line 253).</li> <li>4) Results are clearly explained based on the evidence provided in the form of tables. However, there is clumsiness when explanation did not match the relevant table. Example: In line 289 the author stated that <b>cost-driven outsourcing has 37.2% decisive influence on organizational performance</b> but there is no any figure in the estimation result presented in table 3.</li> </ol>	
<b>Optional/General</b> comments	The writing style and language used are apt for academic writing and are free from serious grammatical errors that impede communication.	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
