

Editor's Comment:

You can find my final decision regarding the manuscript no.2018/AJAEES/42375 with title "A Conjoint Analysis on Consumers' Revealed Preferences for Products from Coconuts in Madurai City India".

According to the reviewers' comments, authors' answers and the revised manuscript, the paper is accepted for publication (the only request by me is to be added more bibliography to the manuscript).

Accepted for publication

(However I suggest to the authors to add more references)
