

Editor's Comment:

Authors should take the references one by one and make sure they conform to the Journal's style. Note the following:

- Do not place the year of publication immediately after the authors.
- There should be 'comas' separating authors in the references.
- Remove 'and/ &' between authors
- Do not 'Italicize' Journals in the references.
- There should be no 'periods' among initials. E.g.

..... **L.T** Kurtz. 1965.

.... **I.A.** Black. 1934.
