

Editor's Comment:

The manuscript titled **REINFORCEMENT OF PLASTER OF PARIS (POP) FOR SUSPENDED CEILINGS APPLICATIONS USING KENAF BAST FIBRE**

cant be published in the current form due to the following reasons:

- a) the authors failed to show where are the changes made on the manuscript as per the comments raised by the reviewers
- b) the review works are not complete and the review documents are not filled accordingly with no overall recommendation.
- c) If its not the journal policy to not reject a particular work, I will definitely reject this work due to its style of presentation being very poor
- d) Please ask authors to proof read the work too
