Manuscript Number:	Ms_AJCR_46867
Title of the Manuscript:	Understanding the Role of Ayurveda Based Ischemia Reversal Program and Low Carbohydrate Diet in Reduction of Risk of Heart Disease.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is an elaborate study that identifies that low carbohydrate diet and ischemia reversal programs can produce a significant beneficial impact in treating IHD with obesity. The finding that the patient's dependency on allopathic medications can be further controlled by this therapeutic approach is very interesting. The study is well organized and the results are appropriately interpreted. The manuscript can be further improved by enhancing the readability with corrections to the language by a native English speaker. The manuscript can be accepted for publication.	Thank you for your comments.
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
