PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	- The aim of the study should be mentioned in the first part of the abstract. - Who is author that said this statement?! Abd Rahman *et al.* (2012) stated that, insects are more promising alternative protein source to rearing animals (Allotey, 2003). - More recent references should be included in the manuscript. - Please, mention ration analysis with references in materials and methods section. - The discussion is superficial and needs more recent references. - What about the other organoleptic characters of the carcasses (carcass quality), why you didn't examined them?	ALL OBSERVATIONS WERE ADHERED TO AND NOTED, THANK YOU FOR YOUR TIME AND INPUT TO THIS MANUSCIPT.
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
