PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>The paper suffer from major problems:</p> <ol style="list-style-type: none"> 1- The objectives of the study are unclear, the potential sources of pollution are not discussed, nor the geological background of the study area. 2- The authors jumped too soon on conclusions: contamination without comparing to certified guidelines, the industry is the source of pollution.... 3- The data in the paper were not fully exploited, especially the statistical analysis part. <p>Overall, a good paper that is worth publishing, after some major correction and language check! Good luck</p>	<p>The manuscript has been upgraded by inserting the points and effected in the manuscript</p> <p>Thank you for your comments and valuable suggestions</p>
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
