**SDI Review Form 1.6**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>1. Major correction on writing and English is necessary. What needs to be corrected are high-lighted by yellow colour and questions asked by reviewer are high-lighted by red colour.</p> <p>2. No need to include in detail of other studies and findings. It is to compare and just to refer them. However, please code properly. E.g in our study..... but in study by authors et al [ref] similar finding or contrast finding</p> <p>3. The studies look into the same outcome should be used to compare. Those which studied the bone metastases should not be compared with your study when your study did not include bone scintigraphy.</p> <p>4. English needs to be corrected.</p> <p>5. The manuscript is attached by highlighting red and yellow colours.</p>	The manuscript has been modified
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
