

SDI Review Form 1.6

Journal Name:	Journal of Materials Science Research and Reviews
Manuscript Number:	Ms_JMSRR_50239
Title of the Manuscript:	A Comparative Study on Ni-Zn-Ga ferrites Irradiated by Thermal Neutrons
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In this work, the effect of irradiation by thermal neutrons is discussed on the structure by X-ray diffraction and by the Fourier transforms infrared absorption. The calculation values are in good approaches with experimental values. Discussion and conclusions are supported by the data discussed inside the manuscript. I expect the paper to be suitable for publication but the originality of the article needs to be verified by the author.	Authors declared that manuscript is original and different from other published work
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
