Manuscript Number:	Ms_JSRR_50549
Title of the Manuscript:	A part II of the reports on the HMD technology related research
Type of the Article	Short communication

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In Abstract 1. First line itself mentioned as, <i>The report continues reporting of results of an ongoing research and in aim mentioned as too lengthy sentence - Can be given for English editing.</i> 2. Can also include study findings , whether the aim achieved or not .	1. Thanks for your note. My MS Word didn't complain about the lengthy sentence. However, I made the sentence shorter. 2. Short summary of the report has been added to the abstract.
Minor REVISION comments	If more than two citation is written , include in the same brackets in sentence end . <i>which has been formulated in [1] and [2]</i>	Thanks for the note. That is accomplished now.
Optional/General comments	If possible write some more references in the discussion part ,mentioned only 2.	I have added more text with the references to the discussion.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
