

**SDI Review Form 1.6**

Journal Name:	<a href="#">Microbiology Research Journal International</a>
Manuscript Number:	Ms_MRJI_47836
Title of the Manuscript:	Hand hygiene practices and the effectiveness of hand sanitizers at controlling enteropathogens among the residents of a University community in Osun State Nigeria
Type of the Article	<u>Original Research Article</u>

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Very well written article ,well explained and discussed .intresting research .very important issue to be addressed	
<b>Minor</b> REVISION comments	None only few typing mistakes	Spell and grammar checks were conducted automatically using the word processing software and also manual proofreading was conducted to correct the "typing mistakes"
<b>Optional/General</b> comments	Good article But no study duration also mentioned ,no limitations of study mentioned	The study was carried out between January and May, 2018 at the Redeemer's University Ede. This fact has since been noted in the abstract, methods and materials sections of the updated manuscript. The limitation of funding and inability to confirm the identities of the isolated organisms using molecular methods is identified as a limitation to the study and noted in the conclusion.

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details) Yes no informed consent is taken ,
