

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_50051
Title of the Manuscript:	The Big Bang or the Conductivity of the Interstellar Space
Type of Article:	

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The paper has been revised and some comments are not agreed by the author. Anyway, no other comments are given, except the following comments:</p> <ol style="list-style-type: none"> 1. The abstract shall be written in ONE paragraph. 2. The equations in the text shall be in proper typesetting. 3. Almost 90 percent of the references are from Wikipedia. This shall not happen in a scientific research paper unless the journal does not mind about this. 4. There are so many short paragraphs, even some paragraphs are in one or two sentences. This seems the paper is less organized. 	<p>I would like to comply, but I'm not sure how to do it.</p> <p>"2. The equations in the text shall be in proper typesetting." - what "proper typesetting" is? Maybe the issue is caused by conversion from LibreOffice to MS World.</p> <p>"1. The abstract shall be written in ONE paragraph." and "4. There are so many short paragraphs, even some paragraphs are in one or two sentences. This seems the paper is less organized."</p> <p>I can delete many lines to fulfill the requirements. The other requirement is "It is mandatory that all the corrections in the revised manuscript should be highlighted in yellow colour. " How should be highlighted deleted lines? Line numbering will change significantly.</p> <p>I wonder how to solve a reminder: "3. Almost 90 percent of the references are from Wikipedia. This shall not happen in a scientific research paper unless the journal does not mind about this."</p> <p>.</p>
