

**SDI Review Form 1.6**

Journal Name:	<a href="#">Physical Science International Journal</a>
Manuscript Number:	Ms_PSIJ_50356
Title of the Manuscript:	Numerical Solution of Two Dimensional Laplace's Equation on a Regular Domain Using Chebyshev Differentiation Matrices
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	None	
<b>Minor</b> REVISION comments	<p>I have read this paper very carefully. Then, I feel this paper is suitable for publication in your journal according to the following comments:</p> <ol style="list-style-type: none"> <li>I. The paper is well written, and it is written in a truly sporty manner. English is generally good, I think it needs to be polished further and some typos need to be revised. Further punctuation marks should be checking through the paper, especially after the equations and at the end of the statements.</li> <li>II. Authors should add the following papers in reference list for better presentation of the paper <ol style="list-style-type: none"> <li>1) H. Khalil, M. Al-Smadi, K. Moaddy, R.A. Khan, I. Hashim, Toward the approximate solution for fractional order nonlinear mixed derivative and nonlocal boundary value problems, Discrete Dynamics in Nature and Society, Vol. 2016, Art. ID 5601821, (2016), 1-12.</li> <li>2) H. Khalil, R.A. Khan, M. Al-Smadi, A. Freihat, A generalized algorithm based on Legendre polynomials for numerical solutions of coupled system of fractional order differential equations, Journal of Fractional Calculus and Applications 6 (2), 2015, 123-143.</li> <li>3) H. Khalil, R.A. Khan, M. Al-Smadi, A. Freihat, Approximation of solution of time fractional order three-dimensional heat conduction problems with Jacobi Polynomials, Punjab University Journal of Mathematics 47 (1), 2015, 35-56.</li> <li>4) H. Khalil, R.A. Khan, M. Al-Smadi, A. Freihat, N. Shawagfeh, New operational matrix for shifted Legendre polynomials and fractional differential equations with variable coefficients, Punjab University Journal of Mathematics 47 (1), 2015, 81-103.</li> </ol> </li> </ol>	<p>Thank you</p> <p>Noted</p>
<b>Optional/General</b> comments	none	

**PART 2:**
