

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	Ms_AJAEES_50741
Title of the Manuscript:	Role expectations of Agricultural extension professionals – A study in Odisha
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>It would be very useful to add in "Abstract" section the purpose, objectives and results of the research. The paper has not JEL Classification.</p> <p>It would be very useful to add in the "Introduction" section the purpose, objectives and hypothesis of the research. I recommend the authors to present the novelty of this research compared to previous research. The paper is too theoretical one. The authors must develop the introduction and the conclusions (only one sentence is not enough!!!.) Authors should cite papers published in journals indexed in Web of Science The authors must extend the references list. Only 11 references is not enough.</p>
