PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. No clear problem, lack of hypotheses. 2. I recommend adding more up-to-date literature. 3. I think that I would be good to add more information about farmers motivation to take a loan in case o farms capital structure. This part should include a more international approach to the investigates topic. 4. I am not sure if I understand correctly from the text that the study was conducted in 2018? How long time perspective was investigated in questioner with farmers? Please add this information. 5. Please add more information about how you understand formal/semi-formal and informal sources of loans. I could differently understand by different researchers. 6. There is a need to add more discussion with result across current literature review. 7. Please add limitation of the study. 8. Please add future directions of the study. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. Patterns should be in an editor of patterns in an editable form. 2. I recommend some proofreading of the text. EX ad 260-263 line "Ambachew (2017) reported that farmers who divert their loan for other purposes are more likely to default their loan than those who use their loans for the original purpose." The senesce is written in to complicated way.
