

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Asian Journal of Advanced Research and Reports
Manuscript Number:	Ms_AJARR_47847
Title of the Manuscript:	Attitudes of Male Undergraduate Students Towards Choosing the Female Under/Graduate Students as Marriage Partners Within the Hausa-Folk
Type of Article:	<u>Original Research Article</u>

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The author has not sufficiently responded to request for significant revisions. The false claim that mate selection is the most important decision in life is retained. The methodology employed is not properly justified. The discussion section is defective. Too many assertions are unsupported.
