

SDI Review Form 1.6

Journal Name:	Asian Journal of Biochemistry, Genetics and Molecular Biology
Manuscript Number:	Ms_AJBGMB_45793
Title of the Manuscript:	Investigation of the relationship between FOLH1 and DISC1 genes polymorphisms in RS61886494 and RS12133766 regions among schizophrenic patients
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. The title should be revised as "Investigation of the association of FOLH1 rs61886494 and DISC1 rs12133766 with schizophrenic in Iran " 2. To further supplement the risk factors for schizophrenia in introduction. 3. Figures are not clearly, and the author should replace it. 4. The results did not better demonstrate the correlation between gene polymorphism and schizophrenic, only indicated the genotypes distribution. 5. In discussion, focus on debate why some genotypes don't exist? 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. Region and regions should be replaced as "locus and loci" respectively. 2. RS61886494 and RS12133766 revised as "rs61886494 and rs12133766" according to the SNPs rule. 3. polyacrylamide : bisacrylamide = ? 	
Optional/General comments	The overall quality of writing is poor. This paper should be main revision.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
