PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The paper has merits and deserves to be published; however, there are some questions/suggestions that I would like to ask the authors to review:</p> <p>Line 116 – 122 – Please, review the paragraph. During the explanation it is not clearly if you are considering figure 1 or 2. In figure 1 the maximum is in T4, but only in the last week and, in figure 2, the maximum is stated to be in T3.</p> <p>Line 139 – 148 – Suggestion: comment on T3 event. Low value probably due to a lack of organic compounds?</p>	
Minor REVISION comments	<p>Line 38 – “found in the humid and dry forest savannah borders or semi-deciduous forest (Keay, 1985).” - Or 1989?</p> <p>Line 180 - “the findings of Uddin (2014) where organic fertilizers enhanced the seedling growth of some” – or 2012?</p> <p>Line 146 - “leaves of plants treated with water hyacinth compost had been used and showed showed” - misspelling</p>	
Optional/General comments
