

SDI Review Form 1.6

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_50849
Title of the Manuscript:	Haemolytic Potential of Ethanolic Leaf extract of Talinum triangulare in Wistar Rats
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The present manuscript deals the haemolytic potential of ethanolic leaf extract of Talinum triangulare in Wistar rats. I hope the authors should refer the meaning of haemolysis. It is nothing but the lysis of RBC or cell wall rupture of RBC. It is a toxic symptom produced by some drugs and plant constituents like saponins. Hence, the title should be modified.</p> <p>In the materials and methods, authors stated that the material is extracted with methanol. It should be corrected.</p> <p>The manuscript was well written and presented in good manner. The methodology adopted is appropriate.</p> <p>If the title will be changed, it may be accepted.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
