

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

Journal Name:	<a href="#">British Journal of Applied Science &amp; Technology</a>
Manuscript Number:	2014_BJAST_14005
Title of the Manuscript:	Comparative of the yield and essence of peppermint ( <i>Mentha piperita</i> L.) at first and second harvest time under the effect of organic and chemical fertilizers

**PART 2:**

<b>FINAL EVALUATOR'S comments on revised paper (if any)</b>	<b>Authors' response to final evaluator's comments</b>
The authors have clarified most of the comments but still language was a problem and to the best of my ability I have corrected the same throughout the text. I think once the authors incorporate the present corrections in the paper, it can be accepted for the publication.
