General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | <p>Abstract: ondo state : cant be a keyord. Remove it.</p> <p>Citation in the text: you cant start for 28, you start from Number (1).</p> <p>Contamination factor: How was this influenced by the seasons (dry and wet season)?</p> <p>Did you check how each variable affected the other through statistical tests?</p> | |
| Minor REVISION comments | Check he reference section to match the APA method. | |
| Optional/General comments | This is good manuscript if corrected. | |

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
