

SDI Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_45425
Title of the Manuscript:	Effect of land use on soil quality in afaka forest northern guinea savannah of Nigeria
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The work should elucidate some important methodological details. For example, the evaluated soil class; the textural class of the evaluated soil; the calculation procedures for the elaboration of the quality index.	
Minor REVISION comments	Although the authors say that the literature for this type of work is scarce, which I strongly disagree with, I recommend that the bibliographical references be updated, because in the last five years several works on Soil Quality have been produced.	
Optional/General comments
