PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>Authors improved the manuscript in accordance with the given comments and suggestions.</p> <p>In page 2 Hours should be written as hours (in my previous comment the great capital letter appeared automatically at the beginning of the sentence). There was misunderstanding. Namely, my intent was to unify either as h or as hours since the authors used different terms (hrs and hours) in the first version of the manuscript.</p>
