Evaluation sheets (Fig 1-5) <ol style="list-style-type: none"> a. I wonder why this sheets are placed in the result & discussion section while they are cited in material & methods. The word "concluion" should be changed to conclusion 3. The name spirulina is still italicised as if it is a scientific name of animal/plant e.g. sentences number 2, 3, 5 and 5 in conclusion section. Authors should be consistent throughout the manuscript.
