<b>Compulsory</b> REVISION comments	Recent references should be mentioned. Most of the references are old (1978, 1984?) Authors have mentioned technological combinations? Readers of this journal may be confused with term...technological.. Please clarify these changes in the revised paper. While writing result and discussion, there is no need to give medium composition which may be mentioned in methodology section. (section 3.5)	
<b>Minor</b> REVISION comments	Some grammatical errors are found e.g. line no.39-40 Line 34, collagenase is extracellular, once mentioned no need to repeat everytime extracellular.....space line 13
