

SDI Review Form 1.6

Journal Name:	Journal of Advances in Microbiology
Manuscript Number:	Ms_JAMB_47189
Title of the Manuscript:	Antibiotic Sensitivity Pattern of Bacteria Isolated From Some Selected Fishes Sold In Bodija Market, Ibadan, Nigeria
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The title should be revised to include bacterial occurrence and distribution in the different fish species The contradiction on Staphylococcus and Shigella species demonstrating no occurrence and the indication that they were isolated need to be corrected Check and correct the facts on susceptibility and resistance Thoroughly check the citations in the text and the listing of references to ensure that all cited authors are in the list of references and vice-versa, a quick check shows that some cited authors are not listed such as Fawolo and Oso (2004), Spanggard <i>et al.</i> , (2003) or is it (1993)?, Yamaguchi <i>et al.</i> , (2003) and many others	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
