**SDI Review Form 1.6**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<p>(1). Please review to cross check some spellings, punctuations and grammatical errors, and correct them accordingly.</p> <p>(2). Endeavor to explain the contents of your tables and figures right under your Results, and not under your tables and figures, then make reference to the tables and figures as the explanations progresses.</p> <p>(3). "Tables &amp; figures should be placed inside the text. They should be presented as per their appearance in the text. It is suggested that the discussion about the tables and figures should appear in the text before the appearance of the respective tables and figures". (Please see authors guidelines at <a href="http://www.sciencedomain.org/journal/23/authors-instruction">www.sciencedomain.org/journal/23/ authors-instruction</a>, for further clarifications).</p> <p>(4). kindly separate your full discussion of this work from your result. This could be done either by placing them in a separate paragraphs, with the result first, or giving them separate headings.</p> <p>(5). "The discussion should not repeat the results, but provide detailed interpretation of data. This should interpret the significance of the findings of the work. Citations should be given in support of the findings". (Please see authors guidelines at <a href="http://www.sciencedomain.org/journal/23/authors-instruction">www.sciencedomain.org/journal/23/ authors-instruction</a>, for further clarifications).</p>	
<b>Optional/General</b> comments	<p>Good research article</p> <p>See manuscript</p> <p><b>Red</b> highlights signifies: delete / make corrections</p> <p><b>Green</b> highlights signifies: add / guide to correction</p>	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

**Reviewer Details:**
