PART 2:

| FINAL EVALUATOR'S comments on revised paper (if any) | Authors' response to final evaluator's comments |
|--|--|
| The manuscript was slightly improved, but discussion is poor of references to previous studies. A brief description of Gleason score, as I had required in the first round of revision, is still missing. English was ameliorated, though some grammar errors are still present, some of them I highlighted in the text in track changes mode. | |
