PART 1: Review Comments

Reviewer's comment Reviewer's comment Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) Authors need to seriously work on the English and grammar of this manuscript. Abstract is full of such mistakes. Authors please explain the use of "Chemical medicine". Either it should be allopathic medicine or any other system of medicine but chemical medicine is irrelevant. Abstract line 4. "have had a special place" Check again for the mistake here. It should be "has had". "The present study is an experimental study with control and experimental groups." This sentence in itself is irrelevant to mention in the abstract because any study will have	I	Keviewer's comment	LAUMON'S COMMENT III ACITEEC WITH TEVIEWER
