Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The presence of pressure ulcer causes a serious health problem for the public and private health systems, heavily burdening these systems. Effective prevention and treatment measures are essential in this context, which makes the study relevant in this area.</p> <p>Keywords: I suggest you modify the keywords because the same words are already in the title. Search in databases crawl the articles by title, abstract and keywords. In this way, those who seek the article related to the topic will have a better chance of finding it.</p> <p>Materials and Methods: I suggest that you describe the approval number of the Ethics Committee.</p> <p>At the end of the tables - Source: should be "Data of the author"</p>	
Minor REVISION comments	<p>The manuscript presents introduction, material and methods, results, discussion and conclusion duly presented and described and does not require major revisions. Small suggestions for improvement were suggested for better presentation of the manuscript.</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
