

**SDI FINAL EVALUATION FORM 1.1**

**PART 1: Physical Science International Journal**

Journal Name:	<a href="#">Physical Science International Journal</a>
Manuscript Number:	Ms_PSIJ_50463
Title of the Manuscript:	Advantages of the Mathematical Structure of a Dirac Fermion
Type of Article:	

**PART 2:**

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The article contains no original and new material, which can be considered as research paper. But as it deals with important equations of Dirac and Klein-Gordon type and connected with problems of Hilbert space and Weinberg correspondence principle it can be published in the journal.	

**Reviewer Details:**

Name:	<i>Obikhod Tetiana V.</i>
Department, University & Country	<i>National Academy of Science of Ukraine, Ukraine</i>
