<ol style="list-style-type: none">1. I suggest to the authors to re-write the abstract2. The used statistic method should be described in the paragraph "materials and methods" and the analysis of variation should be included.	<ol style="list-style-type: none">1. Abstract already re-written2. The method that used was descriptively compared method, and analysis of variation couldn't be included because of the method doesn't have repetition of the experimental treatments.
