The authors must develop the conclusions according with the results from the table above mentioned.</p> <p>Authors should cite papers published in journals indexed in Web of Science.</p>	<p>We would like to thank the reviewer for his/her kind efforts. We appreciate the comments by the reviewer. Regarding the revisions:</p> <p>" It would be very useful to add in the "Introduction" section the purpose, objectives and hypothesis of the research". <i>Purpose, objectives and hypothesis of the study have been added in the Introduction section.</i></p> <p>"The authors must provide the software they have processed and the database they have accessed" <i>Indeed, the software and the data resources are already indicated. I copy line 411 from the article as "Data retrieved from World Bank Development Indicators were analyzed by STATA 13.2."</i></p> <p>"I recommend the authors to present the novelty of this research compared to previous research." We underlined such novelties. For instance, we underlined that "Unlike many studies conducted in the literature, foreign direct investment's impact on growth in our paper is negative". Similarly, we spot where our findings differ from other(s) as, for instance, "The difference between our and Roller and Waverman [18] studies is that we used ..." or "Our research findings are significant in that it examines the relationship ..."</p> <p>" Authors must interpret the data in the tables:2, 3, 4, 5 and 6. The authors must develop the conclusions according with the results from the table above mentioned." Mentioned Tables have been interpreted. A conclusion has been developed from the Tables, and added into the manuscript.</p> <p>"Authors should cite papers published in journals indexed in Web of Science" Indeed, we do. The following journals we cited appear in the Web of Science, for instance: Review of International Economics Kyklos Transnational Corporations Review Journal of Regulatory Economics Economic Modelling The Quarterly Journal of Economics Telecommunications Policy</p>
