General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | | |
| Minor REVISION comments | It should be indicated how many people participated in the data collection (it was only one observer or several observer at different times?) How many dog faced baboons were evaluated? Only one verbal tense should be used in Mat and Met section...preferably past tense | Noted and corrected |
| Optional/General comments | The manuscript is well-organized and well-written. Minor revision of English grammar should be considered. | |
