Manuscript Number:	Ms_AJRAVS_50562
Title of the Manuscript:	On-Farm Fatality Rate of Cattle Transported to Igboora Abattoir
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Data analysis. Some more detail should be added when indicating the statistical analysis. For example significance level used...5%??</p> <p>What breed of cattle is manily slaughtered in the region described in the manuscript. This would be valuable for readers in a different region. Is this breed more resistant that breeds analysed in the other studies mentioned in the discussion?</p> <p>Is there any possible explanation for the differences in fatality rates among months? For example why is higher in February and April?</p>	
Minor REVISION comments		
Optional/General comments	The manuscript is well-structured and clear. Some minor English revision should be considered.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
