**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The article entitled, "Impact of the mixture of water from cooked bean and human urine on the growth of some common plants in cameroon: case study of <i>Talinum fruticosum</i> and <i>Ocimum gratissimum</i>". The research work and findings in the manuscripts are new. Results are properly presented and discussed very efficiently in the manuscript. I recommend this manuscript for publication after minor revision.</p> <p>Comments:</p> <ol style="list-style-type: none"> <li>1. In the manuscript title the full plant authority should be mentioned when discussing about the plant material. In this regard, in each case that you aim to discuss about your plant, it should be reported for example as: <i>Borago officinalis</i> L. (not <i>Borago officinalis</i>).</li> <li>3. Follow the pattern references according to journal pattern.</li> <li>4. Many typographical, grammar or syntax errors seen in the manuscript may be revised.</li> <li>5. Results and discussion should be separate.</li> <li>6. See the attached file for more comments.</li> </ol>	
<b>Minor</b> REVISION comments	<p>The article entitled, "Impact of the mixture of water from cooked bean and human urine on the growth of some common plants in cameroon: case study of <i>Talinum fruticosum</i> and <i>Ocimum gratissimum</i>".
