## **SDI Review Form 1.6**

Journal Name:	Journal of Materials Science Research and Reviews
Manuscript Number:	Ms_JMSRR_51268
Title of the Manuscript:	Production and Tensile Characterization of Thermoplastic Starch Films filled with Iron Scrap Powder Waste and Molded on Different Support Materials
Type of the Article	Short Research Article

## **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of 'lack of Novelty', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)

# **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
Minor REVISION comments		
Optional/General comments	The overall presentation of this work is very impressive.  However, to improve the quality of this work, Including the measurement of other properties to the tensile characterization test comes highly recommended.  Experimenting on the feasibility of using other support materials would further authenticate the findings made in this work.	

## PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

## **Reviewer Details:**

Name:	Ozioma Onyinye Oguegbu
Department, University & Country	Nnamdi Azikiwe University, Nigeria
